

YOU WERE ALWAYS THE QUEEN
OF FUCKING TELSTRA TO ME!

And now you get to be the
queen of whatever you want. :)

I'm pretty sad (and jealous) that you're
off. But it is incredibly exciting and I'm
happy you are getting to pursue what
you enjoy.

Tiff, I'm really going to miss:

having someone who's fun, someone
who gets it, someone to talk shit to,
someone to get excited about gadgets
with, someone to share all the job
frustrations with, someone who's always
friendly + helpful to me, hearing all
your funny stories, seeing ~~you~~ you excited
about your iOS app development progress,
having someone who shares my views
on kiwi fruit skins and someone I work
well with + learn from.

Most of all, I'm going to miss you.
I wish you all the best, + definitely
want to keep ~~in~~ in touch. Love

xxo
