

fond farewells from your favorite peeps

Hey Tiff, you've been here since the start and have been a valued member of the team as well as friend to many of us. I'll miss you greatly and it's always been fun working with you and your tales from other companies, the pub etc. I wish you all the best in your next adventure and hope you continue to be authentic to who you are. Thanks

Mommabear!

It was a pleasure to work with you (again)! I'll always be your #1 listener since I'm always easily distracted anyway 😂 As I always say, never lose your sparkle! This isn't goodbye - you've been a great workmate and friend and we'll definitely catch up whenever!

Tiff,

Never a dull moment whenever you're involved. You inject so much more energy to the usual workplace mood and always pushing for better experiences. Gonna miss ya and I know you'll crush it at the next gig. Make sure to tell them about all Telstra when you're there :D

Hey Tiff,

Wish you all the best in your next role.
Needless to mention your contribution to the team and witty sense of humour will definitely be missed.

Hope to cross paths in future 😊

Best Regards,

Oh Tiff,

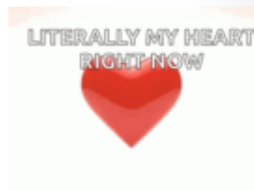

Its been great working with you over the past few months. Would love to be able to continue to grow our UX lily pad and design chats about all matters great and small.

Thanks for being the North star for the UX design team and moral compass for the CX. All the best for future. 😊

Hi Tiff, i thought you would be here til the end. It will definitely be a lot quieter around here without you. I will miss your funny comments and stories especially the one about \$50. I have already found an easter egg and look forward to finding some more. I hope you left me some good ones!! lol. Good luck in your new role and all the best. Khanh x

I honestly don't know whether to smile or cry. I hate you for leaving me here, all alone, without you by my side. Who will tolerate my rants? Who will I hang out with? Who will I go for coffee with? Who will tell me longest irrelevant stories? Who will be funny in my photos? Who will I do stupid things with now? Who, who who? And to think of it, I was the only person who never judged when you farted. What will you do without me? How dare you are leaving me. Goodbye, NOT TIFFANY !

Hi Tiff,

You will really be missed around here, not only for your amazing work, but also for your jokes and funny personality. Does this slight slant text annoy your UX OCD? ;-) Hope to see you at the Bendigo some time.
Wishing you all the best for the future.

Sean

Farewell Tiff,

I'm going to miss working with you and am deeply disappointed we never got to share an office, I'm sure the office chats would have been amazing.

p.s. yes this is comic sans 😂

Cheers,
Steve

Sending appreciation one card at at time.
