

My Dearest and amazing Tiff,
As always I know you
will shine whatever you do.
I love you and wish
you well.

My Dearest & loveliest Tiff,
I love you even more than the
person above! And if I ever see
you again, on the street or a train,
I might even say "hello!" All the
very best in the future, you lucky duck!
From George M.

Dearest Tiff,
Where do I start?
More than 9 years later,
and you've cajoled, encouraged,
and beaten me with a stick (almost haha),
to be more than I ever thought I could
be, raising boys, raising glasses, and raising
the roof with laughter. We'll miss you
so, so much. Best of Luck in everything in
your life, work and family. Enjoy yourself.
Love, always, Carmen

Dear Tiff/Mom,
Thanks for looking after
me all these years! Good
luck on whatever it is that you
end up doing, and hope you do
really well and employ me! :)
I'm sure we'll keep in touch
but until then, take
care + see ya soon!
Jess.

Dear Tiff,
It's been fun having
you around. I wish
you the best with
your future. Good luck
with the iOS development.
